Dear Ms Deas:

November 3, 2000

In response to your request, please be advised that the information you requested has been forwarded to the North Carolina Veterinary Board through the office of the Durant Road Animal Hospital.

It is Antech's policy to conduct all information requests through our Clients that have submitted the testing. I believe this should help you in resolving any issues you may have.

Sincerely,

Michael Napolitano  
Vice President , Antech Diagnostics

Re: Your letter of July 23, 2001 regarding "Napolitano Information"

Dear Ms. Deas and Ms. Deas:

This letter responds to your certified mail letter of July 23, 2001 regarding "Napolitano Information." You write that on June 4, 2001, "Dr. Gordon authorized that we be provided a copy of a letter from the North Carolina Veterinary Medical Board to Dr. Dana Jones requesting the information that Mr. Mike Napolitano, Vice President of Antech Diagnostics, Inc., informed us had been provided to the NCVMB through Durant Road Animal Hospital."

No letter has been sent from the Board to Dr. Dana Jones requesting this information. Committee 1 recognizes that you asked about it earlier and the Committee thought that it had been requested from the Board office, but because of oversight, it was not. After your raised this issue again, the Committee had already reached its decision. Dr. Gordon determined that this information, apparently the results of a complete blood chemistry on this particular day, was not necessary to consider and would not have altered the Committee's decision. He therefore determined that it was not then necessary to request it.

Today, Dr. Gordon has learned from Dr. Dana Jones that Mike Napolitano has not corresponded with Durant Road Animal Hospital with this information which you described.

Very truly yours,
